

Test Lead Set

Red, Black, and Blue 1 Meter Leads
with Banana Jack to 40A Clip

Premium test leads for American Innovations' DVMs and digital voltmeters.

- **Engineered for accuracy:** Integrates seamlessly with the DVM2130, DVM1110, DVM1100, and most banana jack voltmeters.
- **Durable silicone insulation:** Flexible, tangle-resistant, and rugged for daily use.
- **Alligator clips:** Heavy-duty, PVC-sleeved for safe connections, even in demanding environments.
- **Universal fit:** 4mm right-angle stackable banana plugs for maximum versatility.

Important: These leads are designed for use with the DVM2130 (250V DC/175V AC max) and similar instruments. Do not exceed the instrument's voltage rating for safe operation.

TECHNICAL SPECIFICATIONS

Length	1 Meter
Material	18 AWG highly-stranded copper with silicone insulation
Maximum Current	12A Max continuous current
Maximum Voltage	250 Vdc/175 Vac Max (limited by DVM2130 instrument carding)*

*Shunt Input Rating 500 mV DC / 350 mV AC Max

AVAILABLE CONFIGURATIONS

- ✓ Full Set – Part #626770-000
- ✓ Red Cable – Part #626770-001
- ✓ Black Cable – Part #626770-002
- ✓ Blue Cable – Part #626770-003

IMPORTANT SAFETY INFORMATION

For personal safety, do not hold in hand when voltages exceed 30 Vrms/60 Vdc. Maximum voltage for hands-free use in controlled testing environments: 250 Vdc / 175 Vac Max (limited by DVM2130 instrument rating). Do not use on circuits where transient stresses can exceed the rated voltage. IMPORTANT: These leads are designed for use with American Innovations' DVM2130 and similar instruments. Do not exceed the instrument's voltage rating.
