# Digital Pipeline Asset Management

## Transform your data collection.

CartoPac is an enterprise mobile GIS platform delivering the most accurate, complete field data to support your pipeline asset digital transformation and integrity management objectives.

✓ Safely manage all pipeline assets within the right-of-way throughout their lifecycle.

✓ Maintain a highly accurate digital twin.

CartoPac®

esri Partner Network Silver

**Gas Distribution As-Built**

**Regulated Pipelines (Steel As-Built)**

**Leak Detection & Repair**

**Pipeline Inspection, Repair & Maintenance**

CartoPac sets the standard for linear asset traceability and management, combining rules-based mobile forms, high-accuracy GNSS positioning, and configurable back-office review and approval.
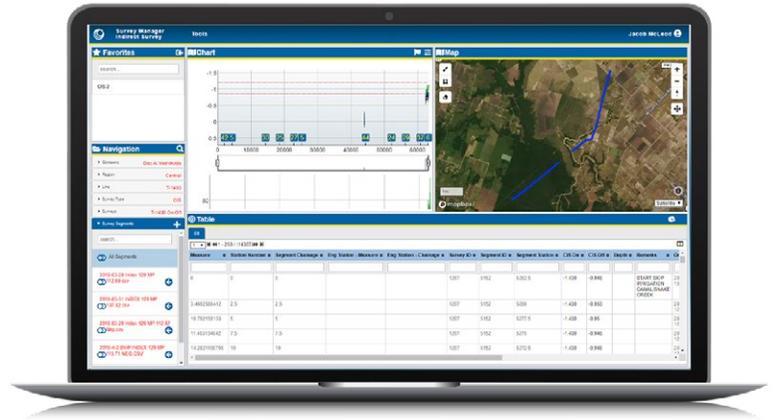

### EASY TO CONFIGURE & USE

✓ Configurable workflows eliminate the need for costly development.

✓ Robust tools leverage decades of industry best practice.

✓ Works the way you do in the field.

### YOUR TRUSTED DATA PARTNER

✓ We support you every step of the way to ensure your data is traceable, verifiable, and complete.

✓ Integrations deliver your data where it needs to go, including enterprise systems of record such as GIS, Maximo, and SAP.

# Pipeline Compliance Software

## Manage your corrosion program with one integrated system.

## PCS™ Compliance

- ✓ **Real-Time Audit Readiness**

- ✓ **Pre-built & Customizable Reporting**

- ✓ **Field Data Collection & Third Party System Integration**

Pipeline Compliance Software (PCS) offers enterprise management of gathering, transmission, and distribution pipeline assets. PCS is built with critical PHMSA and DOT regulatory compliance requirements to meet and maintain expanding regulations such as the Mega Rule.
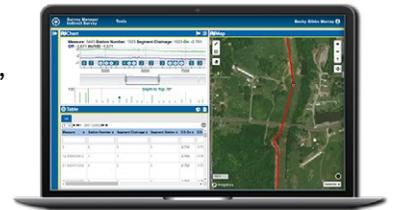

### FOCUS-SPECIFIC MODULES

- Cathodic Protection
- Atmospheric Corrosion
- ECDA
- Leak Survey
- Internal Corrosion
- Valve Inspections

## PCS Survey Manager

- ✓ Easily visualize and validate survey results
- ✓ Wirelessly sync annual, periodic, and indirect survey data from the field to office
- ✓ Track survey statuses in real-time
- ✓ Manage indirect surveys through integrated charts, maps, via interactive user interface
- ✓ Overlay and report on indirect survey data

PCS Survey Manager is available on any device, anywhere, as long as you have an active internet connection.

### PCS CLOUD-BASED HOSTING SERVICES

- ✓ Dedicated IT and platform support
- ✓ Automatic updates with each PCS release
- ✓ Access PCS securely from a browser any time
- ✓ Single sign-on (SSO) options available

# Remote Monitoring

**Bullhorn® Monitoring**

Industry-leading surge protection and an unrivaled warranty make Bullhorn remote monitoring units the proven choice in remote monitoring.

**BULLHORN RM510 WITH EXTERNAL ENCLOSURE**

## Rectifier Remote Monitors

| | |
|---|---|
| Communications | Cellular or Satellite |
| Typical Measurements | ✓ Rectifier Volts<br>✓ Rectifier Amps<br>✓ Pipe-to-Soil<br>✓ Instant Off |
| Surge Rating | Up to 30 kV |
| Installation Options: | • Standalone External Enclosure<br>• In-Rectifier |
| Easy management and configuration via Bullhorn Web | |

**INNOVATION OF THE YEAR AWARD WINNER**

**REL2510 SOLID-STATE RELAY**

## Triton Test Stations

Ensure the effectiveness of cathodic protection systems with American Innovations' Triton® Test Stations including our Triton Triple Coupon Test Station.

Compatible with all Bullhorn test point remote monitors.

## Test Point Remote Monitors

| | |
|---|---|
| Communications | Cellular or Satellite |
| Typical Measurements | ✓ Pipe-to-Soil<br>✓ Bond Negatives<br>✓ Drain Current<br>✓ IR-Free Instant Off<br>✓ AC/DC Current Density<br>✓ Bond Current |
| Installation | Mobile Application-Enabled |
| Easy management and configuration via Bullhorn Web | |

**BULLHORN RM540 TEST POINT REMOTE MONITOR**

# Field Data Collection

## PCS™ Field Integration

Get rugged field data collection hardware and software to solve corrosion control challenges.

### DVM2130 DIGITAL VOLTMETER

A purpose-built, rugged digital voltmeter that seamlessly integrates with our field data collection mobile app, PCS Field Data Collector.

## PCS™ Field Data Collector

Perform annual, periodic, DCVG, and close interval surveys and validate inspection data in real time— on Android, iOS and Windows.

Download on the App Store

GET IT ON Google Play

Get it from Microsoft

**MESA FIELD DATA COLLECTION TABLET**

## Survey Accessories

### UPGRADE YOUR SURVEY EXPERIENCE

- ✔ Data Canes & Survey Probes
- ✔ CIS Backpacks and Hip Packs
- ✔ High Accuracy GPS
- ✔ RFID Tags and Readers
- ✔ and so much more!

# American Innovations

## Proven compliance solutions. Relentless service.

## AI World Users Group

**NOV. 3-6, 2025 | AUSTIN, TX**

**Nov. 3 -** Full Day of Training

**Nov. 4-5 -** Conference Sessions

**Nov. 6 -** Field Trip to AI Headquarters

### What to expect at AI World 2025?

- ✓ Exciting Keynotes
- ✓ Knowledge Sharing
- ✓ Industry Updates
- ✓ Networking
